Intro Groentemessen	bekend in de voedselverwerking		
---------------------	--------------------------------	--	--

1. Algemeen/General

Tebra Messenindustrie BV is specialised in the production of knives for the industry. We have a long experience in making critical parts for industrial applications. This catalogue contains a limited overview of knives that we supply in the food sector. For requirements of knives not shown in this catalogue we can quote on the basis of a drawing or a sample.

Kwaliteitbeleid	Kwaliteit in slijtdelen		
-----------------	-------------------------	--	--

1. Kwaliteit/Quality

We manufacture and pack our products with great care. Our policy is to supply our customers with high quality products that meets the requirements of modern production environments. In case you find deviations we appreciate your reclamation. We gladly work together to improve our quality.

Levertijd	Service gerichte levertijd		
-----------	----------------------------	--	--

3. Tijd/Lead time

We can supply a lot of products ex stock within 1 week. When we make to order our normal lead time is 6 weeks. Our orderconfirmation should be sent within 48 working hours. On this confirmation the delivery time is stated. When you need a delivery date in advance you are always free to Email or call.

Prijzen	Prijzen		
---------	---------	--	--

3. Tijd/Lead time

Prices are nett prices, without VAT, ex works. Order amounts below 250 euro will be charged with an additional amount of 15 euro.

Voorwaarden	Leveringsvoorwaarden		
-------------	----------------------	--	--

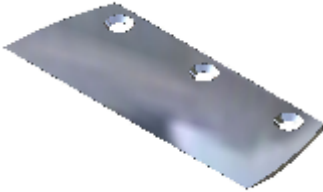

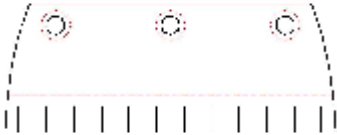

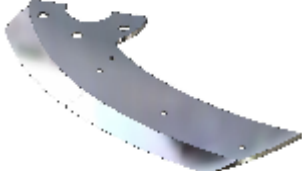

4. Conditions

Terba messenindustrie normally gives a payment term of 30 day. We reserve the right to ask for payment in advance. Payment needs to be done without discounts.

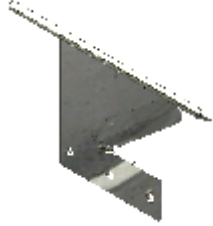

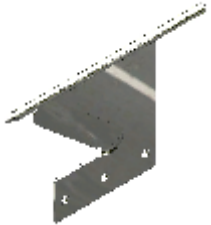

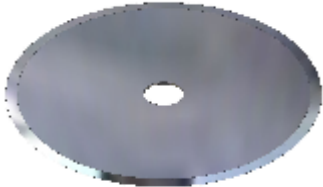

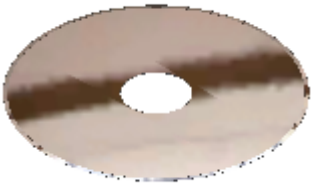

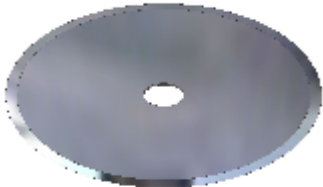

The products that we supply can deviate from the drawings in this catalogue. This is no reason for taking back the delivered goods.

On all our sales and deliveries the sales conditions of the "metaalunie" apply. If you ask for them we can send them per post. They are also available on the download page of our website: www.tebra.nl
